

How much economy appears in *prime* time? Content Analysis of top TV Talk Shows

By Khuram Shahzad¹

This report reviews how often Pakistan's economy has been discussed by our electronic media during its prime time talk shows. Top five talk shows of news channels i.e. **Capital talk** (Hamid Mir), **Live with Talat** (Syed Talat Hussain), **Aapas Ki Baat** (Muneeb Farooq & Najam Sethi), **Nadeem Malik Live** (Nadeem Malik) and **Dunya @ 8 With Malick** (Muhammad Malick), have been included.

The shows were reviewed and categorized into four groups according to their topics namely Economy/Energy, National Politics, Terrorism/Security and Social/others (Education, governance, corruption, foreign policy).

In all, 221 programmes were critically reviewed over the period July 2013 - February 2014. The months of July, October, December, January, and February were included. These months were chosen to reflect the trend of electronic media priorities over the time, while minimizing the influence of any particular incident. Complete details of these programmes are available after main results in this document.

Economy/Energy was discussed in 29 episodes out of 221 programmes which make only 13.12% of the sample. The Terrorism/Security is the most discussed topic covering 87 episodes or 39%, National politics in 64 or 28% and Social/others in 41 or 18% episodes. The above statistics indicate that the economy is the least prioritized topic in our popular talk shows.

Programme

Name: Aapas Ki Baat with Najam Sethi

Host: Muneeb Farooq & Najam Sethi

Days & Time: Friday to Sunday 08:05 pm

Repeat: 01:05am & 11:05 am

Program Description: Traditional talk shows offer the views of politicians on whatever action they have taken or have not taken. While entertaining, such formats are mostly just platforms for politicians to voice their opinions or justify their policies. A political analyst on the other hand, offers a 360 degrees view of any prevailing situation. A political analyst gives them a choice; a choice to look at things beyond their own perceptions. Also in the program audience's calls, emails and text messages as well as Twitter and Facebook feeds are incorporated where viewers can ask questions to Mr. Sethi, directly.
